## 1. Product Overview

### 1.1 Introduction

Cervoz Industrial CFast Card M350 Family is a high capacity Solid State Flash Disk product that is in compliance with the CFast and SATA III standards. The device design is based on the 7pin for data segment and 17pin for power and controller segment. The M350 Family CFast card is in low profile form factor and fits in any systems with CFast slots. M350 Family uses superior quality preselected multi-level cell (MLC) NAND flash memory from the industry leading manufacturer Toshiba.

M350 Family offers outstanding performance and reliability; the product family is a perfect solution for price sensitive semi-industrial and general industrial applications.

### 1.2 Feature

- Compliant with SATA III 6.0Gb/s
- MLC NAND flash memory
- Capacity: 32GB ~128GB
- Operating as boot disk
- Static and dynamic wear leveling
- Bad block management
- S.M.A.R.T. & TRIM command

### 1.3 Product Appearance & Models
