

BT-80-03

Rechargeable Bluetooth® Keyboard for
Windows/Android/iPad

iKey® introduces the BT-80-03, the first rechargeable Bluetooth®-compatible rugged keyboard designed for use with any Android, Windows tablet or iPad. This compact keyboard is less than an inch thick making it the perfect rugged solution to pair with a tablet. The BT-80-03 has also been designed with ease of use in mind. Boasting a one-touch pairing process, the BT-80-03 can be paired to your device in less than 30 seconds. Integrated red backlighting makes the BT-80-03 the ideal solution in low-light environments and also features an automatic shut-off after 10 seconds of inactivity to preserve battery life. The BT-80-03 also comes standard with a VESA mounting pattern and optional magnetic mount making it ideal for in-vehicle use and medical cart solutions.

Features:

- Fully Sealed, IP67 Case
- Bluetooth® wireless technology
- Red LED Backlit Keys
- VESA Mounting Pattern
