

92 KEY RUBBER BACKLIT KEYBOARDS WITH 25 mm TRACKBALL

IP67 sealed

NSI presents their first standard silicone rubber keyboard. This 92 key backlit keyboard features a compact full MF rubber keyboard with integrated waterproof 25 mm laser trackball and scroll function.

The rubber keys are proven for efficient cleaning, reduced disinfection time and protection against cross contamination. The backlit keys warrant for optimized performance while working in low-light environments.

MAIN FEATURES

- Compact layout
- Removable 25 mm laser trackball
- Backlighting, dimmable
- Illumination of the key legends
- Low power LED's warrant for a long life
- No external power supply necessary, keyboard port power sufficient
- Dimmable backlighting at 8 levels by two dedicated keys
- Intelligent luminosity setting of "capslock" LED's
- White backlighting as standard, other colours on request.
